

# LED Headlights for Harley Sportster S 1250

VST-010101-014

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

## IMPORTANT

This LED Headlight is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

## INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

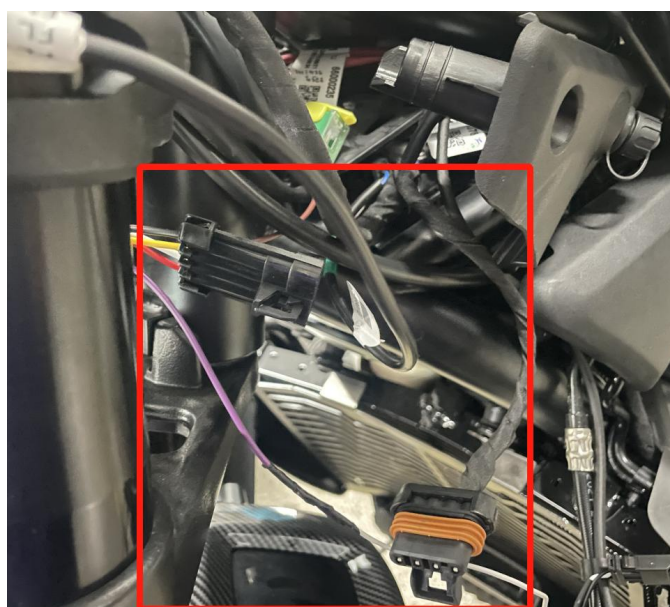

### 1. Products Display

2. First unscrew the screws on the small protective cover under the dashboard, then remove the cover, and then disconnect the wire harness connectors for the turn signal lights on the left and right sides of the original motorcycle. As the picture shows:

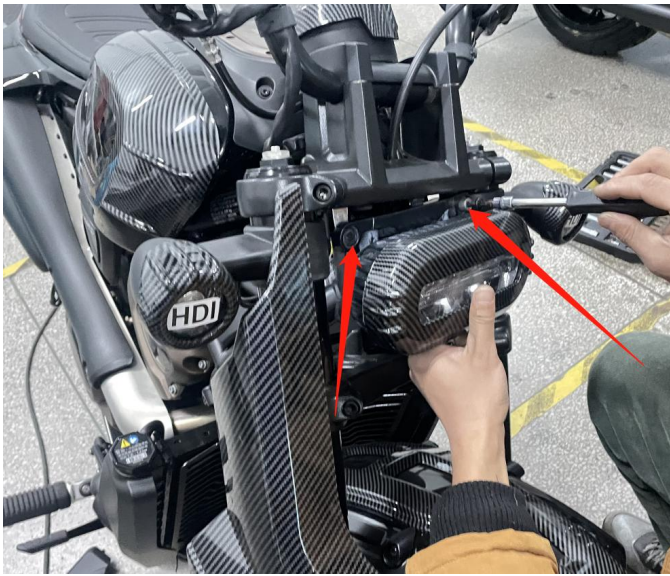

3. After disconnecting the wiring harness of the original motorcycle headlight from the vehicle wiring harness, remove the original headlight. As the picture shows:
