

# LED Headlight for Suzuki V-strom DL650

2014-2019

VST-010301-002

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

## IMPORTANT

This LED headlight is exclusively designed for your motorcycle. Please read the installation instructions thoroughly before beginning. Installation is easier if the motorcycle is clean and free of debris.

## INSTALLATION INSTRUCTIONS

Note: Shift motorcycle transmission into "PARK". Turn key to "OFF" position and remove from motorcycle.

### 1. Products Display

2. First remove the original headlight decorative cover and surrounding decorations, and then remove the original headlight from the decorative cover. As the picture shows:

2014-2019

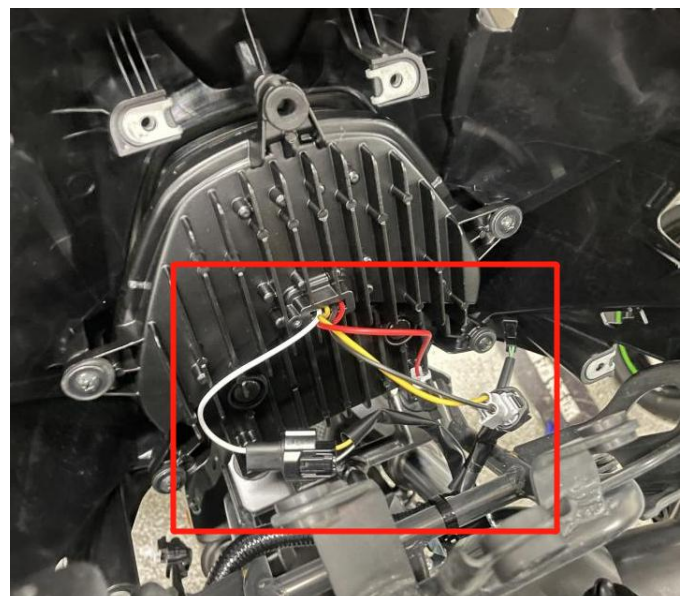

VST-010301-002

3. Firstly, move the circular rubber part on the rear shell of the original headlight to its original position and install it onto the new headlight. Then, reinstall the new headlight onto the decorative cover and secure it with the original motorcycle screws. (Note: When installing new headlights, fix the decorative front nozzle first, and then fix the others). As the picture shows:

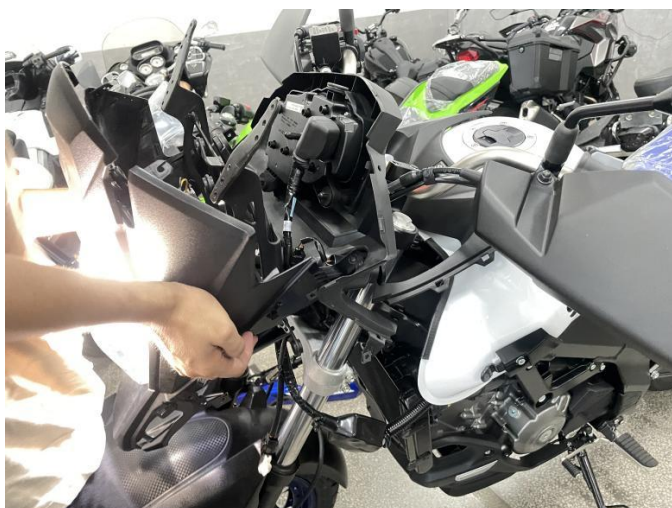

4. Connect the wiring harness connector on the new headlight to the original motorcycle connector, and then turn on the headlight switch to check if the headlight lights up normally. After confirmation, install the headlight and decorative cover back onto the original motorcycle, and finally reinstall other decorative components. As the picture shows:
