

LED Headlights for Kawasaki Vulcan 650 15-23

VST-010701-001

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This LED headlight is exclusively designed for your motorcycle. Please read the installation instructions thoroughly before beginning. Installation is easier if the motorcycle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift motorcycle transmission into "PARK". Turn key to "OFF" position and remove from motorcycle.

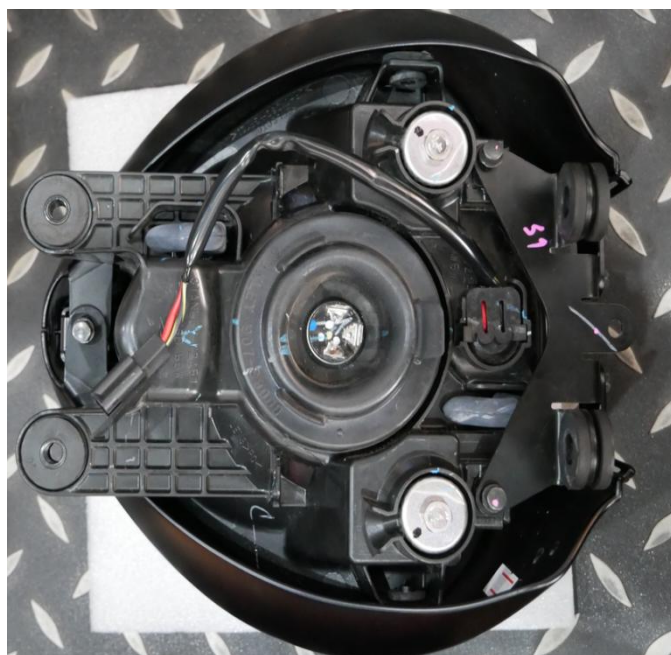

1. Products Display

2. Remove the screw indicated by the arrow and lift the original headlight upwards to remove it from the motorcycle frame. As the picture shows:

3. Remove the exposed wiring harness (circled in red). Separate the headlight from the wiring harness of the motorcycle. As the picture shows:

4. Use a 3mm Hex key and cross screwdriver to unscrew the screw pointed by the red arrow. Remove the headlight decorative frame for
